

INNOVATORS IN WASTE SCIENCE
AND RECYCLING TECHNOLOGIES

Statement of Clarification:

Regarding letters of intent to the 4R Group for The Old Peatworks

EYRC ref: 18/03711/CM - *Change of use of land and buildings to a recycling facility including erection of tanks and containment bays for bio solids treatment, waste treatment and waste storage facility with the final product used as soil improvers and fertiliser replacement*

10th December 2018

4R Group wish to provide some clarification relating to Appendix K of the above planning application;

The letters of intent received in relation to 18/03711/CM should be read in the context as described in them. **These are not letters of support for our proposals.**

We asked a range of farmers and landowners in the local area if they would be interested to learn more about our materials if we were successful. This is not a commitment to us or our proposals for the Old Peatworks.

Should anyone wish to discuss this matter or seek any further clarification we kindly ask that they contact us directly on;

Email - theoldpeatworks@4r-group.co.uk

Tel - 0800 0121 769

Thank you

Dr Becky Wheeler
Director, Head of Consultancy – 4R Group
